Mr. Mike Willis and the United States Deputy Sheriffs' Association:

On behalf of the Kansas Police Department and the Kansas, Oklahoma community, I would like to thank you for the generous donation of the Point Blank ballistic vest and the belt trauma kits. This donation will help give our officers the potentially live saving abilities that our small department would otherwise not have been able to afford. The very generous donation will provide each officer with a belt trauma kit to use if the situation should arise. This donation allows us to better protect the officers, and the community, while on patrol.

Respectfully,

J.J. Mason
Assistant Chief of Police
Kansas Police Department
