January 16, 2013

Dear USDSA,

We recently received the shipment of 12 Stinger flashlights. They were issued out to all field deputies. The flashlights are going to be a big asset to the department and will eliminate the need for the deputies always having to drag out a larger cumbersome flashlight. Deputies in the past have had to purchase their own flashlights for patrol and are really appreciative of the ones that we received.

We appreciate all that you have done for us recently and in the past and look forward to our continuing partnership.

Sincerely,

Sgt. Brandon Jones
