Mike & David,

I wanted to take this opportunity to let you know how much I appreciate your support for our 5th annual Training Officers' Conference. As you know, it was a huge success, and your assistance and involvement was key to the conference's success. I look forward to future training events where perhaps we can call on you again. Thank you for your assistance in the SCTOA's mission to promote and support law enforcement training in South Carolina. I also thank you for all of the training you provide to agencies all over the country.

Best Regards,

Brian D. Boling
