To: US Deputy Sheriff's Association

On behalf of the officers of Sealy Police Department we sincerely appreciate the United States Deputy Sheriff's Association's donation of 21 emergency belt trauma kits to our agency. Because of your generosity and true concern for officer safety, each officer will have the ability to administer the much needed first aid to himself, fellow officer or citizen if such unfortunate situation arises. We strive to provide all the tools, equipment, and training to our officers that we can to allow them to perform their job as safely as possible. The kits that you have donated will indeed add to that goal.

If we are able to be of any assistance to your organization in the future, please don't hesitate to contact me.

Respectfully,

Jay Reeves, Chief of Police
Sealy Police Department
